From the Principal

Dear Student

You are entering your final phase of school-based learning. Much thought and experience has gone into preparing this handbook for your benefit. Make use of this handbook and of the people around you – parents, older siblings, teachers, and career counsellors to make appropriate decisions for yourself. I hope that you can make decisions that will situate you in the best place to succeed and discover your strengths and abilities.

This comprehensive document allows you to access the pathway most suited to your talents and dreams, inclusive of seeking an entry to university or further study, becoming work ready at the end of your Queensland Certificate of Education, completing a school-based Traineeship/Apprenticeship, or pursuing a sporting or cultural pathway, or a combination of these. All are possible if you seek the wisdom of support personnel. Combining academic and vocational pathways provides a wonderful platform to enhance choices and opportunities.

Years 11 and 12 may be among the most challenging, rewarding and exciting years of your life. You will discover new directions along the way to your Queensland Certificate of Education at St Columban's College which will include:

- ✓ Much higher academic demands in each subject area
- ✓ Increased freedom to manage your own learning
- ✓ A higher expectation on you to contribute to College life
- ✓ More demands on your time making it important to balance study, work and play.

Our "Partnership of Excellence" is paramount to successful outcomes. I would like to remind students and parents of their contractual obligations. The challenge is for you to set your goals and work hard to achieve them.

The Journey will be in your hands. We are all here to help you in your choices, but ultimately it is up to you. May you be blessed in the decisions you face and in the rich experiences, and challenges ahead of you.

Mr Michael Connolly

Principal

Skilling for the Future

St Columban's College is committed to providing our students with the opportunity to explore subjects and pathways that are best suited to their interests, abilities, and career aspirations. We strive to work in partnership with students and their families to optimise future pathways for all students. We are committed to ensuring that students study a senior program incorporating depth and breadth of learning, to maximise their opportunity to grow their knowledge and future focused skills – including creative thinking, problem solving, communication, teamwork, flexibility, and resilience.

We are strongly guided by evidence-based research that speaks to the importance of preparing students for the work of work by equipping them both academically and vocationally. The recent 2018 Gonski "Through Growth to Achievement" report, commissioned by the Australian Government, highlights the need for school to equip "...young people with the right knowledge, skills, and mindset {to allow them to} thrive in an uncertain world of work, and to find fulfilment in all aspects of their lives" (pg.27).

Queensland Certificate of Education (QCE)

Students may be eligible for a Queensland Certificate of Education (QCE) at the end of their senior schooling. St Columban's College³ aspires for all students to complete their QCE qualification by the end of Year 12. However, students who do not meet the QCE requirements can continue to work towards the certificate post-secondary schooling.

Queensland Certificate of Individual Achievement (QCIA)

The Queensland Certificate of Individual Achievement (QCIA) reports the learning achievements of eligible students who complete an individual learning program. At the end of the Senior Phase of learning, eligible students achieve a QCIA. These students have the option of continuing to work towards a QCE post-secondary schooling.

Senior subjects

The QCAA develops four types of senior subject syllabuses:

- General
- Applied
- Senior External Examinations
- Short Courses

Results in General and Applied subjects contribute to the award of a QCE and may contribute to an Australian Tertiary Admission Rank (ATAR) calculation, although no more than one result in an Applied subject can be used in the calculation of a student's ATAR. Extension subjects are extensions of the related General subjects and are studied either concurrently with, or after, Units 3 and 4 of the General courses. Typically, it is expected that most students will complete these courses across Years 11 & 12. All subjects build on the P-10 Australian Curriculum.

General syllabuses

General subjects are suited to students who are interested in pathways beyond senior secondary schooling that lead primarily to tertiary studies and to pathways for vocational education and training, and work. General subjects include Extension subjects.

Applied syllabuses

Applied subjects are suited to students who are primarily interested in pathways beyond senior secondary schooling that lead to vocational education and training or work.

Vocational Education and Training (VET)

At St Columban's College, students can engage in Vocational Education and Training in the Senior Phase of learning. VET refers to education and training that focusses on developing knowledge and skills required for specific industries. VET qualifications also focus on the development of transferrable skills that will assist you to develop the job ready characteristics you will need to participate fully in the future workforce. VET in schools allows students to remain at school while completing nationally recognised training qualifications.

Underpinning factors

All Senior Syllabuses and VET Qualifications are underpinned by:

- Literacy – the set of knowledge and skills about language and texts essential for understanding and conveying content
- Numeracy – the knowledge, skills, behaviours, and dispositions that students need to use mathematics in a wide range of situations, to recognise and understand the role of mathematics in the world, and to develop the dispositions and capacities to use mathematical knowledge and skills purposefully.
- 21st century skills – the attributes and skills students need to prepare them for higher education, work, and engagement in a complex and rapidly changing world. These include critical thinking, creative thinking, communication, collaboration and teamwork, personal and social skills, and information and communication technologies (ICT) skills.

Australian Tertiary Admission Rank (ATAR) eligibility

In Queensland, many students will wish to pursue an ATAR Pathway if they are particularly interested in studying at university after Year 12. However, an ATAR is not the only pathway to university, and not all students require an ATAR. Subject choices should always be based primarily on student interest and ability.

The calculation of an Australian Tertiary Admission Rank (ATAR) will be based on a student's:

- Best five General subject results or
- Best results in a combination of four General subject results plus an Applied subject result or a Certificate III or higher VET qualification

The Queensland Tertiary Admissions Centre (QTAC) has responsibility for ATAR calculations.

English requirement

Eligibility for an ATAR will require satisfactory completion of a QCAA English subject.

Satisfactory completion will require students to attain a result that is equivalent to a 'C' Standard of Achievement in one of three subjects – English, Literature or Essential English.

While students must meet this standard to be eligible to receive an ATAR, it is not mandatory for student's English result to be included in the calculation of their ATAR.

General syllabuses

Course Overviews

General syllabuses

General syllabuses are developmental four-unit courses of study.

Units 1 and 2 provide foundational learning, allowing students to experience all syllabus objectives and begin engaging with the course subject matter. It is intended that Units 1 and 2 are studied as a pair. Assessment in Units 1 and 2 provide students with feedback on their progress in a course of study and contribute to the awarding of a QCE. Students should complete Units 1 and 2 before starting Units 3 and 4. Units 3 and 4 consolidate student learning. Assessment in Units 3 and 4 is summative and student results contribute to the awarding of a QCE and may contribute to their ATAR calculation.

Extension syllabuses

Extension subjects are extensions of the related General subjects and include external assessment. Extension subjects are studied either concurrently with, or after, Units 3 and 4 of the General courses of study. Extension syllabuses are courses of study that consist of two units as students develop greater independence as learners. The results from Units 3 and 4 contribute to the awarding of a QCE and to ATAR calculations.

External assessment

External assessment is summative and adds valuable evidence of achievement to a student's profile. External assessment is:

- Common to all schools
- Administered under the same conditions, at the same time, and on the same day across the state
- Developed and marked by the QCAA according to a commonly applied marking scheme

The external assessment contributes a determined percentage to the student's overall subject result and is not privileged over summative internal assessment.

Applied syllabuses

Applied syllabuses are developmental four-unit courses of study.

Units 1 and 2 of the courses are designed to allow students to begin their engagement with the course content, i.e. the knowledge, understanding and skills of the subject. Course content, learning experiences and assessment increase in complexity across the four units as students develop greater independence as learners.

Units 3 and 4 consolidate student learning. Results from assessment in Applied Subjects contribute to the award of a QCE and results from Units 3 and 4 may contribute as a single input to ATAR calculation.

A course of study for Applied Syllabuses includes core topics and elective areas for study.

Essential English and Essential Mathematics – Common internal assessment (CIA)

Students complete a total of four summative internal assessments in Units 3 and 4 that count toward their overall subject result. Schools develop three of the summative internal assessments for each senior subject and the other summative assessment is a common internal assessment (CIA) developed by the QCAA.

The CIA for Essential English and Essential Mathematics is based on the learning described in Unit 3 of the respective syllabus. The CIA is:

- developed by the QCAA
- common to all schools
- delivered to schools by the QCAA
- administered flexibly in Unit 3
- administered under supervised conditions
- marked by the school according to a common marking scheme developed by the QCAA.

The CIA is not privileged over the other summative internal assessment.

Vocational Education and Training (VET)

At St Columban's College, students have the opportunity to engage in Vocational Education and Training in the Senior Phase of learning. VET refers to education and training that focusses on developing knowledge and skills required for specific industries. VET qualifications also focus on the development of transferrable skills that will assist you to develop the job ready characteristics you will need to participate fully in the future workforce. VET in schools allows students to remain at school while completing nationally recognised training qualifications.

Participating in VET can:

- provide credit towards a student's attainment of a QCE
- attainment of a nationally recognised qualification or statement of attainment
- support a student to transition to employment or further education.

School based traineeships and apprenticeships

School based apprenticeships and traineeships can contribute to a student's senior education plan. The College supports students in their pursuit of these employment and training opportunities. School based apprenticeships and traineeships (SAT's) require one day out of school each week. Students should speak with the Careers Centre if they are interested in an opportunity of the nature.

Student roles and responsibilities

Students are asked to:

- make a serious commitment to undertaking a nationally recognised qualification
- provide any materials and equipment requested by the College
- meet all aspects of work health and safety requirements
- meet the expectations and requirements of the College in terms of participation, cooperation, punctuality, behaviour and conduct.

Complaints and Appeals Policy

St Columban's College has a complaints and appeals policy specific to the Registered Training Organisation (RTO) operations.

A complaint can be made to the College regarding:

- ✓ College Trainers and Assessors
- ✓ Students of St Columban's College
- ✓ Third party services providing training on behalf of St Columban's College.

The Complaints and Appeals Policy is also available on the College website.

All complaints or appeals must be directed to the Principal as CEO of St Columban's College.

Unique Student Identifier (USI)

All students who wish to study a VET course will be required to obtain a USI.

We ask that you access the USI website www.usi.gov.au and complete the process at home. This is a simple process that only takes approximately 5 minutes. Please note that a Medicare card, Birth Certificate or Passport is required to complete this process.

Students and parents will be required to complete a USI form and Parent permission to store form and have it returned to Mrs Aarts at the Careers and Training Centre prior to enrolment and admission into the course.

Enrolment and Admission

Access to VET Certificates is open to all students, regardless of race, gender, and ability. Subjects will be offered if enrolment numbers are viable and human and physical resources comply with AQTF standards for Registered Training Organisations. Students must meet the minimum levels of literacy and numeracy.

Fees

For qualifications delivered by St Columban's College, all tuition costs are included in the year level fee structure. Additional fees are highlighted in the Subject Selection Handbook.

In cases where students have exhausted VETiS funding, supplementary costs could be incurred for further VETiS qualifications.

VET Student Handbook

St Columban's College will provide students with a VET handbook prior to commencement in their course. The VET handbook is also available on the College website.

Roles and responsibilities

As a Registered Training Organisation (RTO), the college has the following roles and responsibilities when enrolling students in a VET Qualification:

- Recognises the importance of students receiving a broad-based education, comprising both general and vocational education and training.
- Will inform students of any changes to agreed services.
- The College has a process in place that enables students to apply for Recognition of Prior Learning (RPL) for vocational education competencies.
- Has a process for addressing any concerns a student may have and offers students access to support services that can provide guidance about the vocational education.

Certificate I in Construction

AQF Qualification CPC10120
Registered Training Organisation – 30351 – St Columban's College,
Caboolture

Entry requirements

It is recommended that students have a satisfactory completion of Year 10 English and Math.

Learning experiences

Learning experiences will be achieved by students working in a simulated construction environment in the College Celtic Centre. Projects will include involvement in Industry immersion days and field trips. The projects in this course will focus on a range of construction areas and skills such as framing, bricklaying, concreting and larger community projects.

Pathways

This qualification introduces the construction industry, its culture, occupations, job roles and workplace expectations. The units of competency cover essential work health and safety requirements, the industrial and work organisation structure, communication skills, work planning, and basic use of tools and materials. The qualification is built around a basic construction project unit that integrates the skills and embeds the facets of employability skills in context.

Qualification Structure

Core Units

CPCCOM1012	Work effectively and sustainably in the construction industry
CPCCOM1013	Plan and organise work
CPCCCM2005	Use construction tools and equipment
CPCWHS1001	Prepare to work safely in the construction industry *
CPCWHS2001	Apply WHS requirements, policies and procedures in the construction industry
CPCCVE1011	Undertake a basic construction project
CPCCCM1011	Undertake basic estimation and costing
CPCCCM2004	Handle construction materials

Elective Units

CPCCOM1014	Conduct workplace communication
CPCCOM2001	Read and interpret plans and specifications
CPCCOM1015	Carry out measurements and calculations

Delivered through a Third Party arrangement

**Students must successfully complete all Units of Competency to achieve the
Certificate I in Construction**

Delivery Mode

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- face-to-face instruction
- guided instruction

Assessment

Assessment for the Certificate I in Construction will be related to real life industry situations and is based on the consistent demonstration of competency. A variety of assessment will be used including:

- observations
- questioning
- portfolio

All assessments are competency based.

Requirements

Students will be required to purchase a good quality pair of steel capped work boots.
A construction high vis shirt will be provided for all practical activities.

Service Agreement

This is a 2-year course delivered in Year 11 and 12 at St Columban's College. The RTO guarantees that the student will be provided with every opportunity to complete the qualification. We do not guarantee employment upon completion of this qualification. Students successfully achieving all qualification requirements will be provided with a Qualification and record of results. Students who achieve at least one unit (but not the full qualification) will receive a Statement of Attainment. This information is correct at time of publication but subject to change (March 2023).

Certificate II in Active Volunteering

AQF Qualification CHC24015

Registered Training Organisation – 30351 – St Columban’s College,
Caboolture

Entry requirements

There are no entry requirements for this qualification.

Learning experiences

This qualification is designed to meet the needs of a range of learners and consider students future career and employment preparation. Students will be given the opportunity to develop knowledge and skills in communication, career exploration and planning, resume development, job application and interview techniques, workplace digital technology, problem solving, team work and organisation.

Pathways

Employers are increasingly looking for employees who have had volunteering experience as part of their resume. Volunteering is an excellent way to contribute to the community. It provides a variety of benefits including sharing skills, getting job ready and becoming part of the local community. This qualification may be used as a pathway for workforce entry. Organisations may require volunteers to undergo relevant background checks such a volunteer blue card.

The Certificate II in Active Volunteering is a nationally accredited course that is part of the Community Services Training Package. This qualification complements other studies in vocational education and students may be eligible for credit transfer where competencies are also studied in other VET certificates.

Qualification Structure

Core Units

CHCDIV001	Work with diverse people
CHCVOL001	Be an effective volunteer
HLTWHS001	Participate in workplace health and safety
BSBCMM201	Communicate in the workplace

Elective Units

FSKDIG03	Use digital technology for routine workplace task
FSKLRG007	Use strategies to identify job opportunities
FSKLRG010	Use routine strategies for career planning

**Students must successfully complete all Units of Competency to achieve the
Certificate II in Active Volunteering**

Delivery Mode

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- face-to-face instruction
- guided instruction

Assessment

Assessment for the Certificate II in Active Volunteering will be related to career exploration, planning, problem solving, resume development, job application and interview techniques, workplace technology and teamwork. The course explores the area of diversity in the workplace, the benefits of volunteering both as an individual and within the community as well as using strategies to enhance job application preparation.

Assessment is competency based. Students are assessed through a variety of simulated projects that include:

- questioning
- portfolio work
- observations

Requirements

Students are required to complete 20 hours of volunteer placement in an organisation with a structured volunteer program.

Learning experiences

This qualification is designed to meet the needs of a range of learners and considers students future interest in the Health Industry. Students will be given the opportunity to develop knowledge and skills in communication, teamwork, workplace health and safety, performing cleaning tasks and stock maintenance, providing and maintaining a service to customers as well as developing skills and strategies to respond to behaviors of concern.

Pathways

This qualification reflects the role of workers who provide support for the effective functioning of health services. At this level workers complete tasks under supervision involving known routines and procedures or complete routine but variable tasks in collaboration with others in a team environment.

Qualification Structure

Core Units

CHCCOM005	Communicate and work in health or community services
CHCDIV001	Work with diverse people
HLTINF006	Apply basic principles and practices of infection prevention and control
HLTWHS001	Participate in workplace health and safety

Elective Units

BSBINS201	Process and maintain workplace information
BSBOPS203	Deliver a service to customers
BSBPEF202	Plan and apply time management
CHCCCS010	Maintain a high standard of service
CHCCCS020	Respond effectively to behaviours of concern
HLTHSS009	Perform general cleaning tasks in a clinical setting
HLTHSS011	Maintain stock inventory
CHCCOM001	Provide first point of contact

**Students must successfully complete all Units of Competency to achieve the
Certificate II in Health Support Services**

Delivery Mode

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- face-to-face instruction
- guided instruction

Assessment

Assessment for the Certificate II in Health Support Services will be related to workplace health and safety practices, infection control precautions, procedures for cleaning of a clinical environment, management of personal information, storage and maintenance of stock supplies, customer service as well as developing skills and support strategies when exposed to challenging behaviors.

Assessment is competency based. Students are assessed through a variety of simulated projects that include:

- questioning
- portfolio work
- observations

Requirements

There are no additional requirements for this course.

Service Agreement

This is a 1-year course delivered in Year 10, or Year 11 at St Columban's College. The RTO guarantees that the student will be provided with every opportunity to complete the qualification. We do not guarantee employment upon completion of this qualification. Students successfully achieving all qualification requirements will be provided with a Qualification and record of results. Students who achieve at least one unit (but not the full qualification) will receive a Statement of Attainment. This information is correct at time of publication but subject to change (March 2023).

Certificate II in Hospitality

AQF Qualification SIT20322

Registered Training Organisation – 30351 - St Columban's College,
Caboolture

Entry requirements

There are no entry requirements for this qualification.

Learning experiences

Learning experiences within this course involve utilising the simulated training environment of the Trade Training Centre which involves a commercial kitchen, function centre, training café & bar and New Street on Albion Café. Students will engage in projects that work to develop skills in the areas of beverage preparation, customer service, basic café style cookery and working with diverse people.

Pathways

This qualification reflects the role of individuals who have a defined range of hospitality operational skills and basic industry knowledge. This qualification provides a pathway to work in various hospitality settings, such as restaurants, hotels, motels, catering operations, clubs, pubs, cafes, and coffee shops.

Qualification Structure

Units of Competency are as follows:

Core Units

BSBTWK201	Work effectively with others.
SITHIND006	Source and use information on the hospitality industry.
SITHIND007	Use hospitality skills effectively.
SITXCCS011	Interact with customers.
SITXCOM007	Show social and cultural sensitivity.
SITXWHS005	Participate in safe work practices.

Elective Units

SITXFIN007	Process financial transactions.
SIRXSLS001	Sell to the retail customer.
SITHFAB021	Provide responsible service of alcohol *
SITHFAB024	Prepare and serve non-alcoholic beverages.
SITHFAB025	Prepare and serve espresso coffee
SITXFSA005	Use hygienic practices for food safety

**Delivered through a Third Party organisation*

**Students must successful complete all Units of Competency
to achieve the Certificate II in Hospitality**

Delivery Mode

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- face-to-face instruction
- guided instruction

Assessment

Assessment for the Certificate II in Hospitality will be related to real life industry situations and is based on the consistent demonstration of competency. A variety of assessment will be used including:

- observations
- questioning

All assessment is competency based.

Requirements

To be successful in this subject, students must be keenly interested in the hospitality industry, as well as having a strong work ethic.

Students are required to complete a mandatory 12 service occasions with College catering functions, New Street on Albion, and external work placement with a Trade Training Centre industry partner.

Students will be required to wear a catering uniform in cookery training and when completing the mandatory service occasions. Ingredients for cookery and beverage training will be supplied by the College.

Service Agreement

This is a 2-year course delivered in Year 11 and 12 at St Columban's College. The RTO guarantees that the student will be provided with every opportunity to complete the qualification. We do not guarantee employment upon completion of this qualification. Students successfully achieving all qualification requirements will be provided with a Qualification and record of results. Students who achieve at least one unit (but not the full qualification) will receive a Statement of Attainment. This information is correct at time of publication but subject to change (March 2023).

Certificate II in Salon Assistant

AQF Qualification SHB20216

Registered Training Organisation – 30351 – St Columban’s College,
Caboolture

Entry requirements

There are no entry requirements for this qualification.

Learning experiences

Learning experiences will be achieved by students working in SION Hair and Makeup Salon, the College training facility located in the Trade Training Centre. Students will engage in projects that work to develop skills in the areas of communication, customer service, WHS, retail product knowledge and hair design, care and presentation.

Pathways

This is a preparatory qualification which provides a defined and limited range of basic skills and knowledge used in hairdressing salons by individuals who provide assistance with client services. The combined skills and knowledge do not provide for a job outcome as a hairdresser and this qualification is intended to prepare individuals for further training. This is a great introductory qualification for students considering a career in the hairdressing or beauty industry.

Qualification Structure

Core Units

BSBWHS201	Contribute to health and safety of self and others
SHBHBAS001	Provide shampoo and basin services
SHBHDES001	Dry hair to shape
SHBHIND001	Maintain and organise tools, equipment, and work areas
SHBXCCS001	Conduct salon financial transactions
SHBXCCS003	Greet and prepare clients for salon services
SHBXIND001	Comply with organisational requirements within a personal services environment
SHBXIND002	Communicate as part of a salon team

Elective Units

SHBHBAS002	Provide head, neck, and shoulder massages for relaxation
SHBHCLS001	Apply hair colour products
SHBHIND002	Research and use hairdressing industry information
SIRRINV001	Receive and handle retail stock

**Students must successfully complete all Units of Competency to achieve the
Certificate II in Salon Assistant**

Delivery Mode

A range of delivery modes will be used during the teaching and learning of this qualification. These include:

- face-to-face instruction
- guided instruction

Assessment

Assessment for Certificate II in Salon Assistant will be related to real life industry situations and is based on the consistent demonstration of competency. A variety of assessment will be used including:

- portfolio of work
- observations
- questioning

Requirements

Students will be required to attend regular full day training sessions one day per week. Students will be required to wear a Salon uniform and will be required to purchase black slacks, closed in leather shoes. Students will be provided with an industry standard hairdressing equipment kit.

Service Agreement

This is a 1-year course delivered in Year 10 or 11 at St Columban's College. The RTO guarantees that the student will be provided with every opportunity to complete the qualification. We do not guarantee employment upon completion of this qualification. Students successfully achieving all qualification requirements will be provided with a Qualification and record of results. AVI30419- Certificate III in Aviation (Remote Pilot)

RTO Code 30770

Website:	https://www.aviationaustralia.aero/remote-pilot-training/
Registered Training Organisation:	Aviation Australia (RTO No.30770)
Subject Type	Vocational Education and Training
Course Length	2 Years
Reasons to Study the Subject	<p>Obtaining your Remote Pilots Licence (RePL) is the first step to being able to operate remotely piloted aircraft systems (RPAS), otherwise known as drones or UAVs, for commercial or business purposes without many weight or operating restrictions. The unmanned aviation industry is set to grow significantly in the next decade and remotely piloted aircraft (RPA) have already begun replacing manned aircraft in many roles.</p> <p>In partnership with a CASA-approved RPAS training provider, Aviation Australia can offer the theoretical and operational (practical) training required to obtain your RePL and kick-start your drone career. Anyone can undertake remote pilot training, even if you have never flown a drone before. You will also receive your Certificate III in Aviation (Remote Pilot). This is an academic qualification which you can either use as a stand-alone set of skills or build on by gaining further aviation qualifications such as the Diploma of Aviation Management.</p> <p>The Certificate III in Aviation (Remote Pilot) provides you with important training to legally operate a remotely piloted aircraft. It will also allow you to fly without many of the weight or operating restrictions applied to recreational users.</p> <p>QCE Credits: Successful completion of the Certificate III in Aviation contributes a maximum of six (6) credits towards a student's QCE.</p>
